INVESTMENT OBJECTIVE

The investment objective of the Fund is to seek a high level of current income that is exempt from federal income tax and is consistent with preservation of capital.

INVESTMENT PHILOSOPHY

The Fund utilizes a national strategy monitoring valuations across all municipal sectors including state and local general obligations, essential service revenue bonds, transportation and healthcare sectors, sales tax issues and other municipal obligations and attempts to avoid bonds subject to the AMT. It targets an average maturity in the intermediate range, investing in the 1-15 year segment of the yield curve. The team utilizes yield curve positioning in the investment management process to capture pricing inefficiencies and optimize yield and “roll” while striving for tax efficiency.

INVESTMENT STRATEGY

The Fund invests in a broadly diversified portfolio of federally tax-exempt municipal obligations issued by governmental authorities throughout the U.S. and its territories. The Fund may invest in all types of municipal obligations, including pre-refunded bonds, general obligation bonds, revenue bonds, and municipal lease participations.

The Fund normally invests at least 80% of its net assets in municipal bonds and debentures, the income from which is exempt from federal income tax (including the federal alternative minimum tax). The Fund invests principally in investment grade municipal obligations, rated at the time of purchase by at least one major rating agency, but may invest up to 10% of its net assets in non-investment grade municipal obligations. The Fund may also invest in unrated municipal obligations that are determined by Baird Advisors to be comparable in quality to the rated obligations.

While obligations of any maturity may be purchased, under normal circumstances, the Fund’s dollar-weighted average effective maturity is generally expected to be between three and ten years.

Baird Funds

FUND MANAGEMENT TEAM

The Fund is managed by Baird Advisors, the institutional fixed income investment management group of Robert W. Baird & Co., Inc. Baird Advisors built upon its very deep and seasoned portfolio management team with three additional experienced municipal investment professionals in May 2015.

The Fund is co-managed by Duane McAllister, CFA, Erik Schleicher and Joseph Czechowicz. Duane and his team have more than 25 years of experience successfully managing municipal portfolios across the yield curve.

Named Portfolio Managers:

- Duane A. McAllister, CFA
- Erik R. Schleicher
- Joseph J. Czechowicz

QUALITY PROFILE ²	Fund	Index
U.S. Treasury	0.0%	0.0%
U.S. Agency	0.0%	0.0%

AA	48.7%	55.0%
A	24.9%	23.3%
BBB	9.9%	5.6%
Below BBB	1.1%	0.0%
Not Rated	1.5%	0.0%

SECTOR PROFILE	Fund	Index
Pre-refunded ETM	1.9%	9.6%
General Obligation	29.6%	32.2%
Revenue	66.7%	58.2%
Cash	1.8%	0.0%

Municipal securities may or may not be appropriate for all investors, especially for those in lower tax brackets.

Because the Fund may invest more than 25% of its total assets in municipal obligations issued by entities located in the same state or the interest on which is paid solely from revenues of similar projects, changes in economic, business or political conditions relating to a particular state or types of projects may have a disproportionate impact on the Fund.

All investments carry risk, including loss of principal. In a rising interest rate environment, the value of fixed-income securities generally decline and conversely, in a falling interest rate environment, the value of fixed income securities generally increase.

Indices are unmanaged and direct investment is not possible.

¹The SEC 30-Day Yield reflects the rate at which the fund is earning income on its current portfolio of holdings after expenses.

²The quality profile is calculated on a market value-weighted basis using the highest credit quality rating given by S&P, Moody's or Fitch for each security in the fund. For pre-refunded securities, the reported credit quality reflects the highest reported rating from S&P, Moody's or Fitch for the underlying collateral. Ratings are measured on a scale that generally ranges from AAA (highest) to D (lowest).

Baird Funds are offered through Robert W. Baird & Co., a registered broker/dealer, member NYSE and SIPC. Robert W. Baird & Co. also serves as investment advisor for the Fund and receives compensation for these services as disclosed in the current prospectus.
