## INVESTMENT OBJECTIVE

The primary investment objective of the Fund is to seek current income that is substantially exempt from federal income tax. A secondary objective is to seek total return with relatively low volatility of principal.

## INVESTMENT PHILOSOPHY

Risk control is the foundation of the Baird Advisors investment discipline. Since interest rates are extremely difficult to consistently forecast over time, Baird Advisors employs a duration-neutral, risk-controlled approach. We target the duration of the Fund to the Bloomberg Barclays Quality Intermediate Municipal Bond Index, thus helping to ensure a high degree of predictability in tracking benchmark returns.

## INVESTMENT STRATEGY

The Fund invests principally in investment grade, intermediate-term municipal obligations issued by state and local authorities. The Fund normally invests at least 80% of its net assets in a diversified portfolio of bonds and debentures, the interest on which is exempt from regular federal income and alternative minimum taxes. To achieve its quality and preservation of capital objectives, the Fund primarily invests in pre-refunded bonds, general obligations and essential service revenue issues.

Baird Advisors attempts to keep the duration of the Fund's portfolio equal to the duration of the Fund's benchmark. The dollar-weighted average portfolio effective maturity of the Fund will normally be more than three years but less than eight years during normal market conditions. The Fund may invest in debt securities of all maturities.

<sup>1</sup>Rated against 263 Muni National Intermediate Bond Funds, as of 6/30/2017, based on risk-adjusted total return. Ratings are determined monthly and subject to change. The Overall Morningstar Rating for a mutual fund is derived from a weighted average of the performance figures associated with its three-, five and 10-year (if applicable) Morningstar Rating metrics. For each mutual fund with at least a three-year history, Morningstar calculates a Morningstar Rating based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a fund's adjusted monthly performance placing more emphasis on downward variations and rewarding consistent performance. The top 10% of funds in each category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars and the bottom 10% receive 1 star.

Municipal securities may or may not be appropriate for all investors, especially for those in lower tax brackets.

Because the Fund may invest more than 25% of its total assets in municipal obligations issued by entities located in the same state or the interest on which is paid solely from revenues of similar projects, changes in economic, business or political conditions relating to a particular state or types of projects may have a disproportionate impact on the Fund.

Indices are unmanaged and direct investment is not possible.

All investments carry risk, including loss of principal. In a rising interest rate environment, the value of fixed-income securities generally decline and conversely, in a falling interest rate environment, the value of fixed income securities generally increase.

Effective 9/1/2015, the Fund's benchmark was updated to the Barclays Quality Intermediate Municipal Bond Index. From 3/31/2001 to 8/31/2015, the Fund's benchmark was the Barclays 7-Year General Obligation Bond Index.

<sup>2</sup>The SEC 30-Day Yield reflects the rate at which the fund is earning income on its current portfolio of holdings after expenses.

<sup>3</sup>The quality profile is calculated on a market value-weighted basis using the highest credit quality rating given by S&P, Moody's or Fitch for each security in the fund. Ratings are measured on a scale that generally ranges from AAA (highest) to D (lowest).

Baird Funds are offered through Robert W. Baird & Co., a registered broker/dealer, member NYSE and SIPC. Robert W. Baird & Co. also serves as investment advisor for the Fund and receives compensation for these services as disclosed in the current prospectus.
