Operative-sourced intelligence

By combining proprietary artificial intelligence with experienced human operatives, we find what others can’t. We have insight not only into the dark web but also invitation-only hacker forums. This helps us stay a step ahead of hackers and reduce the risk of identity theft.

How it works

1. Enroll in PrivacyArmor
   You're protected from your effective date. Our auto-on credit monitoring alerts and account support require no additional setup.

2. Get to know us
   Explore additional features in our easy-to-use portal. The more we monitor, the safer you can be.

3. We're on the job
   Our human operatives see more — like when your personal information is sold on the dark web. If you've been compromised, we alert you.

4. We'll do the heavy lifting
   In the event of identity theft or fraud, Privacy Advocates® won’t stop until you're in the clear.
