

2019 Baird Budget Forecast Model "Open Gyms"

BAIRD

In response to districts' requests for model support, scenarios and guided model work, we're again offering our Budget Model "Open Gyms!"

These flexible sessions offer one-on-one and small group work in each district's specific modeling need, focusing on state biennial budget impacts, budget surplus/deficit scenarios, levy and mill rate management, referendum planning and communication, and model navigation and use. Come for all or part of the session and work with other districts and/or our Baird team to model your district-specific scenarios.
